DETAILED ACTION

Election/Restrictions

1. Applicant's election of Group I, claims 1-10 in the reply filed on 9/7/2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should any changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Hull on October 27, 2004.

- In specification, page 12, line 8, after "first polysilicon film 116", changing word "is" into --and the first tunnel oxide film 114 are--.
- In claim 1, line 11, after the "first floating gate" adding --and the first tunnel oxide film--.
- cancel claims 11-26.

Allowable Subject Matter

3. Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: The art of record does not disclose or anticipate the limitation in combination with other claim

element nor would it be obvious to modify the art of record so as to isolating the first floating gate in the isolation region by means of the projection while removing the second tunnel oxide film and the second floating gate on the first floating gate by means of chemical mechanical polishing.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
